

- *The addition to the Heritage Museum will be built on the south (rear) side of the existing building.*
- *A fire exit will be added to the east side of the building, just behind the existing garage. Access to this fire escape will be in the Gallery exhibit area.*
- *The addition will be two-story and will add 1260 ft<sup>2</sup> to each floor. On the second floor this will all be used for storage and office space. On the first floor, some of the space will be used for exhibits.*
- *There will be no windows in the new addition. New heating and air-conditioning units and ductwork will be installed, probably below the first floor in the crawl-space area.*

Please consider making a donation to the **Mascoutah Historical Society** to support the construction of this addition. Donations of any size are welcome.

I would like to donate to the Mascoutah Historical Society's Capital Campaign.

- Buy a Bin (\$50)                     
  Sponsor a Shelf (\$100)
